Global

At PwC, our purpose is to build trust in society and solve important problems. We're a network of firms in 158 countries with more than 236,000 people. Find out more and tell us what matters to you by visiting us at www.pwc.com.

Africa

In Africa, we're the largest provider of professional services with over 400 partners and 9,000 people in 66 offices located in 34 countries. This enables us to provide our clients with seamless and consistent service, wherever they're located on the continent. Our in-depth knowledge and understanding of African operating environments allows us to put ourselves in our clients' shoes and offer truly tailored Tax, Assurance and Advisory solutions to unique business challenges. Realising the appeal of the continent as an investment destination, our dedicated Africa Desk provides assistance to organisations looking to expand their presence in Africa

Tanzania

The East African firm of Cooper Brothers and Company was formed in 1947 being an amalgamation of two existing firms, the oldest of which first opened offices in Dar es Salaam in 1925. Mergers resulted in changes of name to Coopers & Lybrand (in 1957) and then PricewaterhouseCoopers (PwC) (in 1998). As at December 2017 PwC Tanzania had 8 partners and over 250 staff working from offices in Dar es Salaam and Arusha, including around 30 new graduates taken on during 2017. Apart from the training received whilst working with the firm in Tanzania, we also develop our people by deployment on secondment overseas - for example, during 2017 we had several Tanzanians working on long term secondments in other PwC offices (Africa, Europe and Middle East).

Theme of this year's calendar

In this year's calendar we to continue celebrate the creativity of our people and the beauty of our country and other African countries. We do so by using a selection of photographs taken by our people – photographs that were chosen from very many contributions and that show both the diversity of our country and Africa, as well as of our people. For more detail on each photograph and photographer, go to page 19 and 20.

January

Willie Kimaro
Manager – Assurance Services

Description of picture: One of the benefits of working in PwC's Arusha office is being within close proximity of so many beautiful areas to visit. I took this particular picture at a national forest reserves in Arusha where I had gone hiking. I took the picture to be a reminder to me of this peaceful scenery away from deforestation and urban congestion.

February

Bwungula Dyegula
Associate - Risk Assurance Services

Description of picture: I am constantly astonished at how fast Dar es Salaam is developing - a point illustrated in these two pictures taken at the Morocco junction in Dar es Salaam. The first shows the bus stand for the Rapid Transit System - a major evolution of public transportation. The second shows the view from the bus stand of ongoing construction work at Morocco Square, which is being developed by National Housing Corporation.

March

Kinya Kiunga
Associate – Assurance Services

Description of picture: In September 2015, I travelled to Nigeria visiting Ogun state, Osun state and Lagos and experiencing the rich culture, the food as well as the exciting and energetic people. Highlights included the beautiful Olumirin waterfalls, Olumo rock in Ogun state (including a museum with the story of the Egba people) and the Kalakuta museum (formerly Fela Kuti's home and a very interesting walk through history, covering his unique musical style, polygamous nature, human rights activism and the birth of the afrobeat musical style).

April

Jeremiah Mbiga
Associate – Tax Services

Description of picture: Built by the French missionaries (between 1893 and 1898), and still active, the Roman Catholic Cathedral of St. Joseph located in Baghani street is an important historical sites in Zanzibar's Stone Town. Remarkably, the church design with the twin towers was based on the Marseille Cathedral in France. These twin towers (spires) are a feature of Stone Town's skyline when you approach Zanzibar by sea.

May

Andrew Mlingi
Manager – Assurance Services

Description of picture: An audit assignment visit to Mikindani inspired me to research its history. Mikindani (meaning young palm trees) is an old Swahili port that was once the centre of trade in southern Tanzania, but whose importance declined when the British administration developed the port in Mtwara (as part of the infamous Tanganyika groundnut scheme). Recently the town has seen a revival in activity following the renovation in the late 1990s of the "Boma" (the fort originally built by the Germans in the late 19th century).

June

Farida Sinda
Senior Associate, Clients and Market Development

Description of picture: Mountain climbing is a great test of your mental resolve and capacity for physical endurance. "Why go through all the trouble?". Well, the heavenly feeling of literally being above the clouds (without flying), such as at the summit of Tanzania's fourth highest mountain, Hanang, is a reward that should motivate you to take the challenge.

July

Michael Quinton
Senior Manager – Tax Services

Description of picture: This picture was taken from an underground bunker near a watering hole in a small wildlife sanctuary in the south of Kenya. We were completing a road trip which took in Pangani, Diani, Malindi, Tsavo East, Tsavo West, Arusha and Lushoto. A 9 hour drive to get to this sanctuary (mostly along dirt roads, as well as some night driving) was well worth it, as the next morning we were able to get exceptionally close to the animals.

August

Samwel Ndandala
Manager - International Tax and Transfer Pricing

Description of picture: On Mount Kilimanjaro's leeward side, right at the border with Kenya, is a hidden gem, Lake Chala. It will take you a good half hour to descend the steep 100 metre crater rim onto its shores, with the purest of waters that flow directly from Kilimanjaro's underground streams. Apparently, there are no more crocodiles there - even so, if you'd like to take a dip, better be a good swimmer, as the caldera crater is 90 metres deep!

September

Catherine Amusa
Associate Director – R&Q

Description of picture: When I visit a foreign country, I like to sightsee and see some of the history and culture of the city/countryside. This picture was taken in 2015, just after completing a risk and quality monitoring visit to our Mauritius office. The old ship anchor is a monument on the Tamarin Bay Beach, Black River District, Mauritius. What a unique artefact to see on a beach instead of the museum! I had no idea just how big those ship anchors are...

October

Kelvin Abraham
Associate – 1 Technology

Description of picture: The Rotary Dar Marathon takes place on 14 October, Nyerere Day, and in 2017 focused on raising funds for a clinic at the Comprehensive Community Based Rehabilitation in Tanzania. There were several participants from PwC (either walking, running or cycling). They say that "if you want to go fast, go alone; if you want to go far, go together!"

November

Ali Dawoodbhai
Associate Director - International Tax and Transfer Pricing

Description of picture: All three photos are from the Blyde River Canyon Nature Reserve which is situated in the Drakensberg escarpment region of eastern Mpumalanga, South Africa. The canyon is the third largest in the world. The Bourke's Luck Potholes is a spectacular pattern and rock formations caused by centuries of water erosion and the views in the canyon are breathtaking. The walk up to the top was definitely worth the reward of the sight and the view of the landscape.

December

Onesimo Herman
Associate – Assurance Services

Description of picture: On my way home from work I pass through the Dar es Salaam bus rapid transit terminal in Ubungu. On this particular day, the sight of sun setting inspired me to take this picture. A sunset is a reminder that endings can be beautiful and brings the promise of a new dawn.
