On 17 May 2024, the East African Community (EAC) Pre-Budget Consultative Meeting of the Ministers for Finance was held in Arusha. In this meeting, changes to the East African Community Customs Management Act of 2004 ('EACCMA'), as well as the Common External Tariff (CET) rates for the year 2024/25 were proposed and agreed. The aim of the agreed changes and proposals is stated to be "Sustainable Economic Transformation through Fiscal Consolidation and Investment in Climate Change Mitigation and Adaptation for Improved Livelihoods".

There are measures introduced to protect and promote local manufacturing and assembling of various products. The proposals specifically aim to reduce cost of production, promote and protect local industries, create employment and ensure availability of products at competitive prices.

There are also changes that reduce costs of local manufacturing of specified communication equipment to expand coverage of communication networks and promote local investment in the communication sector and create employment opportunities.

In addition to the new changes, there are also proposals to continue implementing certain changes brought in the year 2023/24 for sustained outcomes in various industries such as agriculture, manufacturing, health, etc.

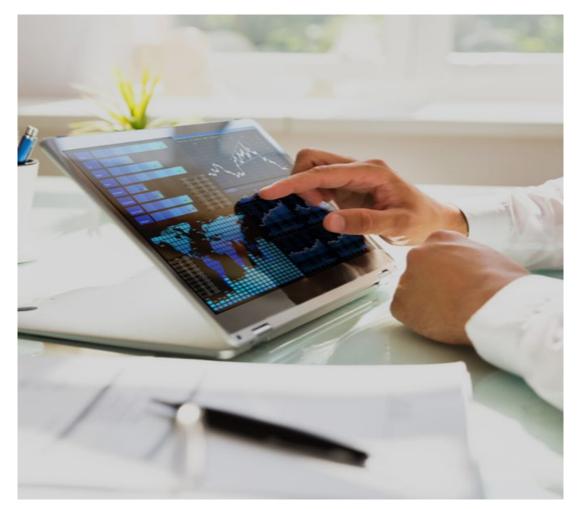

There are no changes to the East African Community Customs Management Act of 2004 ('EACCMA 2004').
