About PwC

2017

Global

At PwC, our purpose is to build trust in society and solve important problems. We're a network of firms in 157 countries with more than 223,000 people who are committed to delivering quality in assurance, tax and advisory services. Find out more and tell us what matters to you by visiting us at www.pwc.com

Africa

In Africa, we're the largest provider of professional services with over 400 partners and 9,000 people located in 34 countries. This enables us to provide our clients with seamless and consistent service, wherever they're located on the continent. Our in-depth knowledge and understanding of African operating environments allows us to put ourselves in our clients' shoes and offer truly tailored Tax, Assurance and Advisory solutions to unique business challenges. Realising the appeal of the continent as an investment destination, our dedicated Africa Desk provides assistance to organisations looking to expand their presence in Africa

Tanzania

The East African firm of Cooper Brothers and Company was formed in 1947 being an amalgamation of two existing firms, the oldest of which first opened offices in Dar es Salaam in 1925. Mergers resulted in changes of name to Coopers & Lybrand (in 1957) and then PricewaterhouseCoopers (PwC) (in 1998). As at December 2016 PwC Tanzania had 7 partners and over 230 staff working from offices in Dar es Salaam and Arusha, including close to 40 new graduates taken on during 2016. Apart from the training received whilst working with the firm in Tanzania, we also develop our people by deployment on secondment overseas - for example, during 2016 we had several Tanzanians working on long term secondments in other PwC offices (both elsewhere in Africa and in Europe).

Theme of this year's calendar

In this year's calendar we continue to celebrate the creativity of our people and the beauty of our country. We do so by using a selection of photographs taken by our people – photographs that were chosen from very many contributions and that show both the diversity of our country and of our people. For more detail on each photograph and photographer, go to page 19.

Description of picture: “A new hope to our economy” is my title for this picture which, against a background of a bright blue sky and white clouds, highlights an era of change by way of a new mode of transport, Bus Rapid Transport (BRT) – also bright blue – as well as new modern tower buildings. At the same time, not forgotten is our history with more traditional forms of transport as well as the historic St Joseph’s cathedral visible in the background.

February

Description of picture: February is the month of the Kilimanjaro marathon, and for the 2015 race PwC Tanzania sponsored eight staff (6 men, 2 ladies) to participate in the half marathon. All successfully completed it, including me – and the theme of this picture which I took at end is “the feeling of victory”, to sum up the sense of achievement following completion. A wonderful occasion!

March

Cheryl Vroom
Senior Manager - Assurance

Description of picture: Although Ruaha is the largest national park in Tanzania, its remoteness means that it gets fewer tourists than other parks. Home to many exciting wild animals, it also has spectacular scenery such as these beautiful Baobab trees.

April

Jeremiah Mbwiga
Associate - Tax

Description of picture: This photo taken on a visit to Zanzibar is of “Ngome Kongwe”, a fort built between 1698 and 1701. The fort was originally used as a defence against the Portuguese and rival Oman “The Mazrui” who at the time occupied Mombasa. In 1994 the fort was converted into an open air theatre.

May

Adam Kitindi
Associate - Assurance

Description of picture: One benefit of our work assignments is that we get to know and experience the beautiful Tanzanian countryside. This photo was taken in August 2016 during an assignment at Mufindi Tea estates. At the front you see tea plants, in the middle a man-made irrigation dam, and in the background a tree plantation (to help protect the water source).

June

David Tarimo
Partner - Tax

Description of picture: This picture at Lake Elementaita Serena Camp is like a scene out of an impressionist painting, with the colours of the lake, hills (including the “sleeping warrior” hill) and sky all a similar hue. A visit to Lake Elementaita is well worth it not just for the natural beauty but also because it is perhaps the best place to see flamingoes!

Description of picture: Historically tea has been an important export crop for Tanzania – one of the so called “traditional exports”. You could easily mistake this greenery for Europe, but in fact this photo was taken in Mufindi, Iringa when I was on an assignment at one of the tea plantations. By the way, if you plan on visiting do take note that – just as in Europe – it can get very cold at certain times of the year!

August

Description of picture: Zanzibar stone town, also known as Mji Kongwe, is a city of significant historical and artistic importance. Its architecture, mostly dating back to the 19th century, reflects the diverse influences underlying the Swahili culture. This picture was taken when we went to Zanzibar for our Tax staff away day in 2016.

September

Samwel Ndandala
Manager - Tax

Description of picture: Nature is a powerful sculptor. In this case, it made use of two of its greatest tools: time and pressure, to chisel these majestic pillars in Isimila, Iringa. As I stood in awe of its beautiful masterpiece, I could not help but imagine the simple lesson nature was trying to teach all of us: With time and a little pressure (effort) applied consistently towards our goals, we too can chisel beautiful things in our lives.

October

Assad Assad
Senior Associate – Assurance

Description of picture: This picture was taken whilst on assignment performing a physical verification of assets at Mtwara port. So at the same time as serving the client, I was also enjoying the experience of cruising on a boat and taking this picture! Ultimately, work is about what you love doing. Follow your passion and success will come after you.

November

Willie Kimaro
Assistant Manager - Assurance

Description of picture: I love nature as illustrated by these pictures. Makumbusho market, where I normally do food shopping, talks to me not only of the beauty of the products displayed by sellers, but also of the effort of those struggling to run small businesses to provide for their families. Famous flowers in Tanzania include Hibiscus and Yellow Oleander, which do survive different conditions and so can be spotted in almost all regions of Tanzania.

December

Michael Quinton
Senior Manager - Tax

Description of picture: A view of the sun setting over Msasani Bay. At the time my wife was away travelling and I felt compelled to share this spectacular picture with her so that she could also enjoy the moment – even if from afar, and somewhere much colder!
